National E-Conference on the Year of St Paul, Tuesday 30 June, 2009

This National E-Conference is a commitment of the ACBC Commission for Mission and Faith Formation and The Broken Bay Institute to respond to the call of Pope Benedict XVI to highlight the legacy of Saint Paul for our Catholic community.

National:

The format of the E-Conference will allow the Church across Australia to take part in an exciting innovation in a cost effective way. The conference will be structured to allow you to receive the input from the presenters and then participate in a structured process using a local trained person to help facilitate the learning in each local site as well as assist with coordinating interaction with the Conference Site.

Speakers:

Two of Australia's leading Pauline scholars Fr Brendan Byrne SJ and Sr Michele Connolly RSJ, together with Fr Richard Leonard SJ, international communicator and commentator on the contemporary Catholic Church. Mr Mike Bailey will be the Conference Facilitator.

Conference Costs:

There are no conference costs apart from the two-day Facilitator Training.

Facilitator Training 4-5 May:

The Broken Bay Institute will provide a two-day facilitator training program on 4-5 May at Mary MacKillop Place, North Sydney. The program has been shaped to provide facilitators both practical information on how to facilitate an e-conference, and further formation on St Paul. Presenters include **Archbishop Mark Coleridge, Mrs Kerry Brettell, Fr Gerald Arbuckle sm, Dr Carmel Davis** – BBI Online Learning Community Coordinator

Your Local Contact:

It is highly recommended that a key person from each host venue site be nominated to be the Year of Saint Paul contact person. This will assist in communication with BBI in the lead up to the E-Conference.

IT Requirements for Host Sites:

The IT needs for this conference are quite simple. You would require a venue that has broadband access, a data projector for displaying the internet presentations on a large screen, as well as appropriate sound amplification so that participants can easily hear the presentations.
